

BRIGHT AVENUE SCHOOL

A path towards a "brighter" future

NEWS @ BRIGHT AVENUE SCHOOL

MAY 2019

PRINCIPAL'S MESSAGE

THE JOURNEY OF A LIFETIME.....

Students learn today to improve their tomorrow and it is the school which prepares the students for life. Schools are the grooming ground for the leaders of the future. With the foresight into the skills required for the world of tomorrow, BRIGHT AVENUE SCHOOL focuses towards moulding all rounded well groomed personalities with a vision.

To complete the great journey of education, BRIGHT AVENUE not only provides world class infrastructure and latest technology enabled teaching techniques but a nurturing environment for the development of mind, body and soul in totality. Education becomes a real joy at platform of BRIGHT AVENUE SCHOOL, where dreams come true.....

Roop Krishan Bhat
Principal

NEW AGE ACADEMICS

1. Introduction of Augmented Reality (AR) aided curriculum in LKG and UKG classes to keep pace with the changing scenario in education system.
2. Special coaching till evening for Achiever Batch students to crack IIT/JEE, NEET, NTSE, SOF, NDA, VVM and other competitive exams.
3. Extension of school time by one hour to help students finish their homework in school and provide extra guidance to avoid private tuitions after school.
4. Free of cost Resource Material to Achiever Batch students to equip them with up-to-date knowledge and help them crack the competitive exam.

SCHOOL CELEBRATIONS

GRADUATION DAY

"Graduation is an exciting time. It's both an ending and a beginning. These are the warm memories of the past and great dreams for the future"

Class UKG students graduated from Pre-Primary to Primary Wing. On this occasion, meritorious students were awarded with certificates and prizes by our honourable Principal, Mr. R.K Bhatt. The students presented a great show of confidence and charisma. It was an event to be remembered by teachers, parents and little graduates for a long time.

MOTHER'S DAY

It is truly said, "God could not be everywhere and therefore he created mothers" Mother's day is a celebration of honouring the mothers as well as motherhood, maternal bond and influence of mother's in society. Students of BAS celebrated Mother's Day with a great pomp & show to express their gratitude and affection for their mothers. Everyone present in the auditorium felt the tenderness & warmth of mother's love.

PAINTING COMPETITION

"Painting Competition" was organised in collaboration with Dainik Jagran to celebrate "Earth Day".

Children gave expressions to their imagination in a burst of colours in this competition. More than 500 students participated and won prizes and awards.

LABOUR DAY

Each year Labour Day gives us an opportunity to recognize the invaluable contributions that working men & women make to our nation, our economy and collective prosperity. Keeping this aspect in view, BAS organised a special assembly started with a speech welcoming the workers and acknowledging their hard work. School Principal Mr. R. K. Bhatt congratulated the workers and thanked them for their selfless services. Students gave speeches and recited poems in honour of workers.

Workers were overwhelmed watching the function and expressed their gratitude towards the school management, teachers and students for their love and care.

DEBATE COMPETITION

An Inter house debate Competition was held in the school Auditorium on 21st May, 2019. The students from various houses of school participated enthusiastically in the debate Competition. They spoke in favour and against the motion. Debate is one of the Academic activities that gives students creative room to express what they feel. Students presented their views on the topics 'Are marks the right criteria for evaluating the progress of the students?' and 'Role of MNCs in India'. The participants exhibited great oratory skills also. The Principal and the judges selected the winners on the basis of presentation, fluency, speech, content, logic and reasoning. The judges spoke highly of all the debaters for their logical arguments. The competition was a great learning for the audience. Every debater was cheered and clapped up for pleasing presentation and sharp arguments.

TINY TOTS AT THEIR BEST

CAP MAKING

The school organized Cap-Making activity for Pre-Primary students. The students made beautiful and attractive caps under the guidance of their respective teachers. They were looking cute after wearing hand made caps.

RED DAY

The Kindergarten students & the primary wing of our school celebrated 'Red Day'. The shades of red made our tiny tots feel bright, lovely and cheerful. The day started with the red colour everywhere - Red dress, Red rose, Red teddy, Red car. It was a scintillating day with innocent faces, gleaming with brightness, joy, love and happiness.

HAND PAINTING OF PRIMARY COLOURS

Colour Theory is an exciting concept that can be sometimes overwhelming to kids. By making lessons fun while learning, children are able to explore the concept of colour theory comfortably. They enjoy creating a colourful project. The primary colours are used to create all other colours by mixing them. They are Red, Yellow and Blue. The Tiny Tots understood the theory well and learnt to make other colours too.

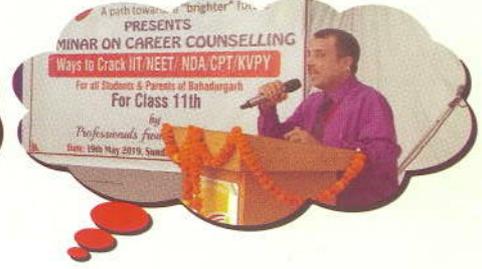

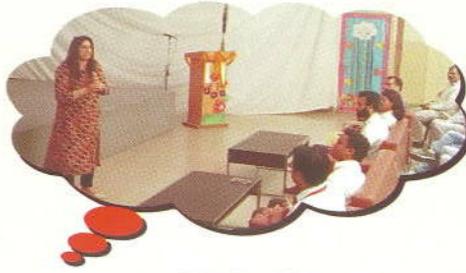

FIRST DAY ACTIVITY

"The difference between try and triumph is a little umph." The first day at school is quite thrilling for a child. Some students feel shy, some feel happy and some feel homesick. But as soon as children enter the classroom they forget all other things in the company of teachers & classmates. Same happened with the kids of BAS when they entered in the classroom on their very first day. They were welcomed by their loving & caring teachers. The teachers had planned different activities like tie-making, and Selfie frames.

CAREER COUNSELLING

BAS believes in the tradition 'Geniuses are not born, but made'. Following this tradition "Career Counselling Workshop towards building a great future", was conducted by ICT Academy in collaboration with National Skill Development Corporation (NSDC) for all the students (above Class IX).

A Seminar on Career Counselling was conducted for parents and students of Class IX to XII by our Highly skilled and Qualified Coaches from Kota and Delhi. Hon'ble Director Ms. Novita Chopra gave useful tips to students on selecting the right stream in class XI

EXPERIENTIAL LEARNING

"Learning by Doing" concept of teaching is followed at BAS. Students of Class XI and XII visited YES BANK to have hands on experience. They also visited PARLE PRODUCTS factory to gain industrial experience.
